Hi,

So here I am in the UK riding a very exclusive bike.:laugh: Bought the frame from some nice people in the USA. They sent it over and I proceeded to build me a top bike. Haven't seen another in the UK and it might be the only one to be seen in the UK tour de France cyclo sportive on the 1st of July, a week before the real thing, well you never know. Oh yes the bikes a Velo Vie..... marvelous!
